

# PARTING ADVICE

by 530nm330Hz

Our dear friend is moving far away, but she's got a few more boxes to pack first. Unfortunately, not everything will fit into the available boxes. That is, the wordplay in most of the down clues yields an extra letter. These letters, read in clue order (and interpreting the other clues as inter-word spaces), offer what's-her-name some parting advice — advice that she'll have already followed three times while completing her packing.

Two answers in each direction are abbreviations. Some proper names are not M-W; two entries are in 113, but one of them is findable in 11C.
